SEGA

CHAMPION GOLF™

HOW TO PLAY

For 1 or 2 players

When playing, evaluate the wind direction, velocity and turf condition, and also be careful of the caddie's position and in how you use the clubs. This is an authentic golf game which you and your family can fully enjoy at home, regardless of what the weather is outside.

CHAMPION GOLF™

BEFORE YOU START....

1. This Game Cartridge is intended for SEGA Personal Computer SC-3000 or Computer Video Game SG-1000.

2. Turn the power switch on after inserting the Cartridge in the ROM Cartridge Inlet of the Body. The Body and /or the Cartridge may be damaged if you insert the Cartridge in the Body without turning the power off.

3. Use the Joystick when playing the game on the SG-1000. When playing the game on the SC-3000, either the Keyboard or the Joystick (an option) is usable.

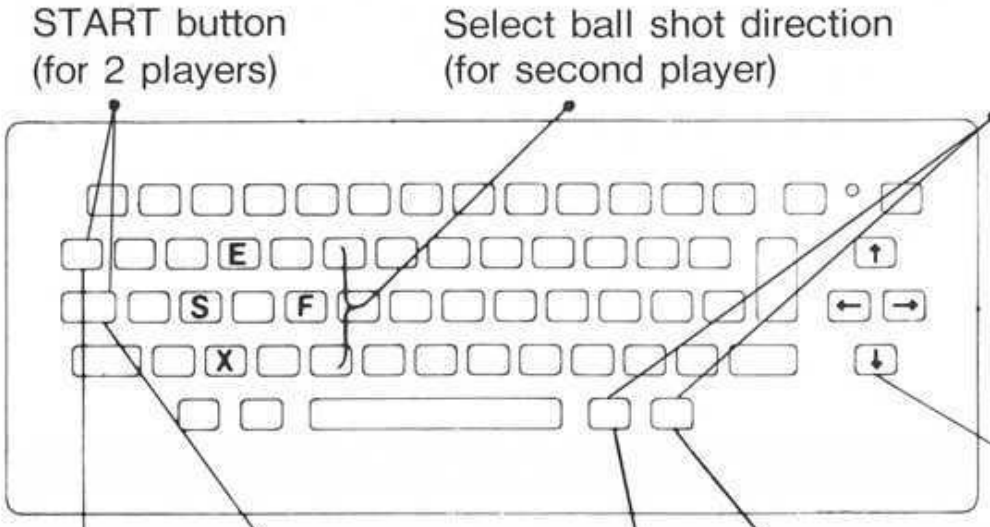
4. **JOYSTICK:** When using the JOYSTICK with SC-3000, connect it with "JOY 1." When two players play the game, connect it with "JOY 2." also.

5. **KEYBOARD:** Refer to the drawing.

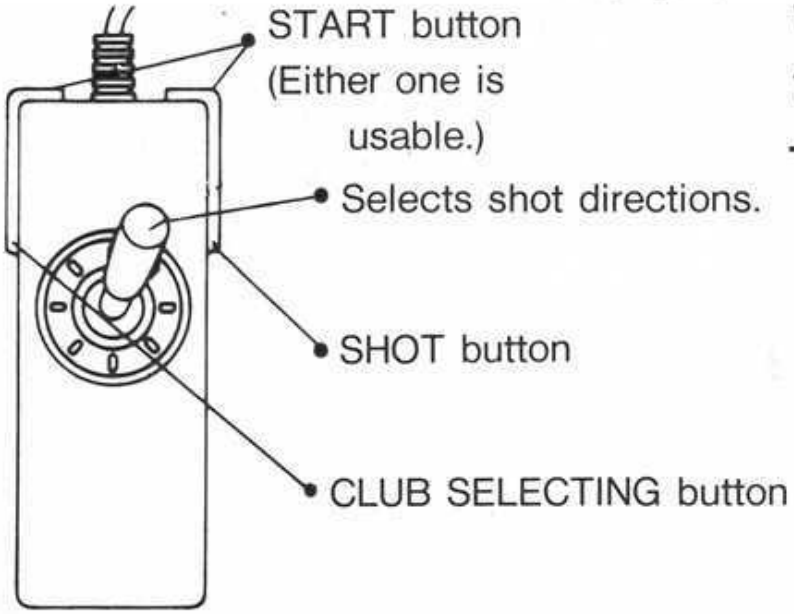
6. Pull out the Cartridge after turning the power off. Keep it in its case and handle with extreme care.

SEGA

When playing by using the KEYBOARD (SC-3000)



When playing by the JOYSTICK



CHAMPION GOLF™

How To Play

- When playing by using the JOYSTICK
  For 1 player, connect the JOYSTICK to "JOY 1" and press the START button.
  For 2 players, connect the JOYSTICK to "JOY 1" and "JOY 2" and then press the START button of "JOY 2".
- When playing by using the KEYBOARD (SC-3000) refer to the illustration.
- Every time the club selection button is pressed, the club indication changes in the order as stated below and you can select the club you wish to use.
  Order: 1W → 3W → 5I → 7I → 9I →
  1W → 3W → ..... (repeated).
  However, in the rough only clubs 5I → 7I → 9I → 5I → ..... (repeated) can be used.
  In the bunker area only the SW club, and on the green only the PT club, are usable.
- After choosing the club which you wish to use, move the caddie who is on the outside of the frame of the field on the screen to select the shot direction by maneuvering the JOYSTICK or by using the control key (the ball hit flies in the direction of the caddie).
- Watching the man who is repeatedly swinging the club at the upper left hand side of the screen, press the shot button to shoot the ball at just the right moment when the club is swung up.
  The strength of the shot depends of the length of the swing. When pressing the shot button at the peak of the swing, the strength of the shot will be at a maximum level. When the swing is at its lowest, the strength of the shot will be at a minimum level.
  When pressing the shot button at the time the club is at the lowest part of the swing, the ball will go only a short distance.
- The arrow in the box on the upper part of the screen indicates the wind direction and velocity. On the green, however, the arrow refers to the turf condition.
- In the rough, the ball's flight distance is shorter than in the fairway.
- For 2 players, the game starts with the first player shooting the ball first and thereafter the player who has the longer distance to the cup shoots the ball.
- In the case of OB (out of bounds), the player picks up 2 penalty strokes and will have to continue shooting from the location of the prior shot.
  When the ball is lost in the pond, the player picks up one penalty stroke and is required to continue shooting the ball from the edge of the pond.

CAUTION:

This game is one of SEGA's original products. The sales of program contents by copying them without permission, whether partially or wholly, is strictly prohibited.
